

NEW SU CAMPUS MONDAY MILE!

Exciting changes have come to the main campus Monday Mile route. A portion of the route was modified to accommodate upcoming construction projects near Archbold and the Carrier Dome.

The new route will continue on Sims Drive to the west side of Schaffer Hall, through the sculpture garden and will cross through the Orange Grove alongside the Quad.

Follow along the north side of the Physics building and from there, head toward Hendricks Chapel and follow the sidewalk along the north side of Steele and Heroy Halls.

Once you reach the Falk Complex turn back and follow the opposite sidewalk behind Eggers Hall. You'll connect to the original route behind Eggers and continue down Crouse Drive to Newhouse, where the route ends.

Looks for the new signage outside of Schine and at the blue distance markers.
